

SITE CH1	YEAR 06	ROOM # or AREA NAME ca. Yard	CONTEXT NUMBER 0943
TYPE (positive, negative, wall) negative	DEFINITION (cut in floor of X, fill of pit Y, north wall of room Z, etc.) Cut for foundation trench for wall 296		
DESCRIPTION (include consistency, color, composition, inclusions, dimensions; for cuts, also include shape and orientation) Irregular cut running along wall 296 between the fill of robbing trench 841 and the unexcavated area over the cistern in the courtyard; ca 15cm wide, 10-20cm deep (deeper to SE end) - cut was so shallow and irregular that fill ⁽⁸⁸⁶⁾ originally identified as a layer without a cut but in particular a clear cut through tile deposit 915 suggests that this is a cut with 886 as its fill
