**Subject:** Deceased wolf data sheets/contact info

Hi there -

Here are the data sheets needed by the Museum. Lynne can print them out for you, Nic.

And here is the contact info for delivering the wolves to the Museum.

Dr. Jon Dunnum  
Senior Collection Manager  
Division of Mammals  
Museum of Southwestern Biology  
UNM  
CERIA Bldg 83, Room 204  
Albuquerque NM

This address may not be where the wolves go. Jon said for you to call him when you are close to UNM, and he will give you directions and open gates for you. He is also arranging a tour for you. His office is 505-277-9262, and his cell is 505-514-9025.

I have asked the FWS folks if they can meet with you on Tuesday. They MIGHT be capturing a wolf at Sevilleta that day, if so you can help out there. But I haven't heard back from them for sure. Be sure and give me your phone number so I can call you if I hear from them at the last minute.

Thanks for doing this!  
Linda
