

MAMMALS- 2014

- 14-09 *Microtus pennsylvanicus*, Pattee Canyon, Missoula County, Montana (46° 49.678 N, 113° 57.957 W), 3693 ft, 6 July 2014, J.M. Kinsella, *Syphacia* collected.
- 14-10 *Zapus princeps*, Pattee Canyon, Missoula County, Montana (46° 49.678 N, 113° 57.957 W), 3693 ft, 6 July 2014, J.M. Kinsella, no helminths found.
- 14-11 *Sorex cinereus*, Pattee Canyon, Missoula County, Montana (46° 49.303 N, 113° 56.842 W), 3894 ft, 11 July 2014, J.M. Kinsella, helminths collected.
- 14-12 *Sorex vagrans*, Pattee Canyon, Missoula County, Montana (46° 49.303 N, 113° 56.842 W), 3894 ft, 12 July 2014, J.M. Kinsella, helminths collected.
- 14-13 *Sorex vagrans*, Pattee Canyon, Missoula County, Montana (46° 49.303 N, 113° 56.842 W), 3894 ft, 13 July 2014, J.M. Kinsella, helminths collected.
- 14-14 *Tamias amoenus?*, Pattee Canyon, Missoula County, Montana (46° 49.303 N, 113° 56.842 W), 3894 ft, 13 July 2014, J.M. Kinsella, no helminths found.
- 14-15 *Sorex vagrans*, Pattee Canyon, Missoula County, Montana (46° 49.303 N, 113° 56.842 W), 3894 ft, 14 July 2014, J.M. Kinsella, helminths collected.
- 14-16 *Sorex vagrans*, Pattee Canyon, Missoula County, Montana (46° 49.303 N, 113° 56.842 W), 3894 ft, 14 July 2014, J.M. Kinsella, not examined for helminths.
- 14-17 *Sorex vagrans*, Pattee Canyon, Missoula County, Montana (46° 49.303 N, 113° 56.842 W), 3894 ft, 14 July 2014, J.M. Kinsella, not examined for helminths.
- 14-18 *Sorex vagrans*, Pattee Canyon, Missoula County, Montana (46° 49.303 N, 113° 56.842 W), 3894 ft, 15 July 2014, J.M. Kinsella, not examined for helminths.
- 14-19 *Thomomys talpoides*, Pattee Canyon, Missoula County, Montana (46° 49.303 N, 113° 56.842 W), 3894 ft, 15 July 2014, J.M. Kinsella, no helminths found.
- 14-20 *Tamias ruficaudus*, Pattee Canyon, Missoula County, Montana (46° 49.303 N, 113° 56.842 W), 3894 ft, 15 July 2014, J.M. Kinsella, not examined for helminths.

- 14-21 *Microtus pennsylvanicus*, Pattee Canyon, Missoula County, Montana (46° 48.953 N, 113° 57.055 W), 4177 ft, 17 July 2014, J.M. Kinsella, *Syphacia* collected.
- 14-22 *Sorex cinereus*, Pattee Canyon, Missoula County, Montana (46° 48.953 N, 113° 57.055 W), 4177 ft, 19 July 2014, J.M. Kinsella, helminths collected.
- 14-23 *Sorex vagrans?*, Pattee Canyon, Missoula County, Montana (46° 48.953 N, 113° 57.055 W), 4177 ft, 19 July 2014, J.M. Kinsella, helminths collected.
- 14-24 *Sorex vagrans?*, Pattee Canyon, Missoula County, Montana (46° 48.953 N, 113° 57.055 W), 4177 ft, 19 July 2014, J.M. Kinsella, helminths collected.
- 14-25 *Tamias ruficaudus*, Pattee Canyon, Missoula County, Montana (46° 48.953 N, 113° 57.055 W), 4177 ft, 18 July 2014, J.M. Kinsella, not examined for helminths.
- 14-26 *Peromyscus maniculatus*, Pattee Canyon, Missoula County, Montana (46° 48.953 N, 113° 57.055 W), 4177 ft, 19 July 2014, J.M. Kinsella, not examined for helminths.
- 14-27 *Microtus pennsylvanicus*, Pattee Canyon, Missoula County, Montana (46° 49.714 N, 113° 57.750 W), 3693 ft, 21 July 2014, J.M. Kinsella, no helminths found.
- 14-28 *Microtus pennsylvanicus*, Pattee Canyon, Missoula County, Montana (46° 49.714 N, 113° 57.750 W), 3693 ft, 22 July 2014, J.M. Kinsella, not examined for helminths
- 14-29 *Peromyscus maniculatus*, Pattee Canyon, Missoula County, Montana (46° 49.714 N, 113° 57.750 W), 3693 ft, 22 July 2014, J.M. Kinsella, not examined for helminths.
- 14-30 *Tamias ruficaudus*, Pattee Canyon, Missoula County, Montana (46° 48.812 N, 113° 57.549 W), 4206 ft, 15 August 2014, J.M. Kinsella, not examined for helminths.
- 14-31 *Microtus pennsylvanicus?*, Pattee Canyon, Missoula County, Montana (46° 48.812 N, 113° 57.549 W), 4206 ft, 16 August 2014, J.M. Kinsella, *Syphacia* collected.
- 14-32 *Microtus longicaudus*, Pattee Canyon, Missoula County, Montana (46° 48.812 N, 113° 57.549 W), 4206 ft, 17 August 2014, J.M. Kinsella, no helminths found.

- 14-33 *Microtus longicaudus*, Pattee Canyon, Missoula County, Montana (46° 48.812 N, 113° 57.549 W), 4206 ft, 19 August 2014, J.M. Kinsella, *Heligmosomoides*, *Aspiculuris*, *Arostrilepis* collected.
- 14-34 *Tamias ruficaudus*, Pattee Canyon, Missoula County, Montana (46° 48.812 N, 113° 57.549 W), 4206 ft, 18 August 2014, J.M. Kinsella, not examined for helminths.
- 14-35 *Sorex cinereus*, Pattee Canyon, Missoula County, Montana (46° 49.154 N, 113° 56.082 W), 4167 ft, 24 August 2014, J.M. Kinsella, helminths collected.
- 14-36 *Sorex vagrans?*, Pattee Canyon, Missoula County, Montana (46° 49.154 N, 113° 56.082 W), 4167 ft, 24 August 2014, J.M. Kinsella, helminths collected.
- 14-37 *Neotoma cinerea*, Deer Creek Road, Missoula County, Montana (46° 50.352 N, 113° 54.480 W), 3731 ft., 30 August 2014, J. M. Kinsella, tapeworms collected.
- 14-38 *Neotoma cinerea*, Deer Creek Road, Missoula County, Montana (46° 50.352 N, 113° 54.480 W), 3731 ft., 30 August 2014, J. M. Kinsella, not examined for helminths.
- 14-39 *Peromyscus maniculatus*, Deer Creek Road, Missoula County, Montana (46° 50.352 N, 113° 54.480 W), 3731 ft., 30 August 2014, J. M. Kinsella, not examined for helminths.
- 14-40 *Peromyscus maniculatus*, Deer Creek Road, Missoula County, Montana (46° 50.352 N, 113° 54.480 W), 3731 ft., 30 August 2014, J. M. Kinsella, not examined for helminths.
- 14-41 *Mustela erminea*, Deer Creek Road, Missoula County, Montana (46° 50.352 N, 113° 54.480 W), 3731 ft., 31 August 2014, J. M. Kinsella, not examined for helminths.
- 14-42 *Neotoma cinerea*, Deer Creek Road, Missoula County, Montana (46° 50.352 N, 113° 54.480 W), 3731 ft., 31 August 2014, J. M. Kinsella, not examined for helminths.
- 14-43 *Microtus longicaudus*, Deer Creek Road, Missoula County, Montana (46° 50.352 N, 113° 54.480 W), 3731 ft., 2 September 2014, J. M. Kinsella, *Aspiculuris* collected.
