Dear Mr. Rowinski,

1/14/61

MISS LOIS M. MOREY  
3434 N. Millbrook Ave.  
Fresno, Calif. 93726

A brief note to tell you the package with the plum bob & etc which is said to have been used when the old Kolmakof Redoubt Church was rebuilt at Russian Mission on the Kuskokwim, is in the mail now.

I recently heard from my good friend, Mrs. Jack (Alta) Brink in Mapamute. I am glad you have made contact with

1/2 - 16 inches box

her. She can give you what I may have forgotten- in fo.  
When you saw her did you learn if she deisire<sup>d</sup> to give the other things, Russian, which Jack had, to the Museum-? I hope so. He had one pair of scissors which should be in the University Museum-I have t the smaller pair--He gave to me at one time--  
When I wrote to her, <sup>recently</sup> I asked if she had considered giving those things to the Museum. She will think of it now if she has not already done so.--

You will receive other materials--(boxes) which should be in the Uni. Mus. when I can get to them-

All good wishes--Please pardon this quick note--I hurry to the PO.--

Sincerely,

Miss Lois M. Morey
