UCM 44980 *Podarcis vaucheri*, Spain: Cadiz Province (1970)
UCM 44981 *Podarcis vaucheri*, Spain: Cadiz Province (1970)
UCM 44982 *Podarcis vaucheri*, Spain: Cadiz Province (1970)
UCM 44983 *Podarcis vaucheri*, Spain: Cadiz Province (1970)
UCM 44968 *Tarentola mauritanica*, Spain: Cadiz Province (1970)
UCM 44969 *Tarentola mauritanica*, Spain: Cadiz Province (1970)
UCM 44971 *Tarentola mauritanica*, Spain: Cadiz Province (1970) --- tail nearly detached from body at base, OK.
UCM 44973 *Tarentola mauritanica*, Spain: Cadiz Province (1970)

* 44968 - TAIL BROKEN, SEPARATED FROM BODY
BUSACK WILL ATTACH TO SPECIMEN
WITH SILK THREAD.

Purpose: Taxonomic review based on morphological analysis

The investigator is permitted to make a minimal dorso-lateral incision to sex adults that have not yet been opened, but obtained sex data must be reported back. Other types of destructive analysis or tissue sampling are not permitted without Collection Manager's prior approval.

Keep the specimens hydrated and in 70% ethyl alcohol in a secure locked storage while not in use.

Total No. Specimens: 8

INSTRUCTIONS TO RECIPIENT:

Loans are made for six months unless stipulated above. When returning material, please mention the original invoice number. Types sent on loan must be returned by Registered Mail or UPS.

Received in good condition by: *
