Purpose: To be used on Family Day (April 12, 2014) and during the summer Museum Workshop series (approx. 6-8 sessions). Programming developed under "Communicating Water Science: A Multifaceted Approach to Reach Underserved Audience in Colorado" grant.

Location: Henderson Building, rural outreach events (including outdoor venues)

Instructions: Please handle specimens with extreme care. Only Education staff and outreach instructors are to handle specimens. Please carry specimens one at a time and use caution during transport. The public, including children, are not permitted to touch the objects as the mounts are known to be arsenic contaminated. Specimens are to be protected from the elements at outdoor venues. Shelter or withdraw from display in wind or rain.

Note: Loaned material is to be returned to the Vertebrate Collection in MCOLL between programming sessions and stored in the locked temporary holding cabinet in the hallway. Please contact Emily to schedule pick-up and drop-off times.

Total No. Specimens: 9

INSTRUCTIONS TO RECIPIENT:

Loans are made for six months unless stipulated above. When returning material, please mention the original invoice number.
