

Accession 2015.086.Mamm

- Collectors are
 - Schuyler W. Liphardt
 - Jocelyn P. Colella
 - Stephen E. Greiman
 - Donavan J. Jackson
 - Dianna M. Krejsa
- leave preparator blank unless a preparator is written on NK sheet
- record the field number(s) as an original identifier
- use the following localities for all, except the two squirrels

verbatim: NM: Santa Fe Co, 1.5 km Cowles

higher: North America, United States, New Mexico, San Miguel County, Santa Fe National Forest

specific: near Windsor Trail Head, about 2 km west of Cowles

- enter parasite attributes and parts **after** all mammal attributes and parts. If you have to “Add more...” make sure that it’s only parasite stuff
- enter endoparasites attributes before ectoparasites
