Dear Dr. David Hafner:

Enclosed please find two copies of Outgoing Loan Contract #OL2017-031 for 124 skin and skeleton samples of *Geomys Bursarius* from the NSRL Division at the Museum of Texas Tech that we are sending you for your and Jonathan Dunnum's research. **Please sign and return the loan contract marked Registrar to me in return envelope** and keep the other copy for your records.

As a requirement to maintain our accreditation, we must have this documentation in our files per our collections management policies and procedures. A new policy has been implemented that requires borrowing institutions to return paperwork in a timely manner or risk having their privileges suspended. Please understand that this new policy is a matter of security in which documentation aids in the protection of Museum specimens.

Thank you so much for your attention to this matter.

Sincerely,

A handwritten signature in cursive script that reads "Terri Carnes".

Terri L. Carnes
Registrar
