17313	" "	♀	resting on the mud flats.
M.G. 17314	" "	♂	
17315	" "	♂	
17316	Bat 67-9-15-14	♂	Shot in the house at 5 P.M.

This evening four additional birds were seen, Violet-green Swallow, Black-necked Stilt, Frigate Bird, and Lesser Scamp Ducks, and Horned Owls were heard.

## APRIL 22, AGIABAMPO, SONORA, MEXICO.

This morning I hired two Mayo Indians to take me to Isla Basacori in their canoe. It took four hours to row over a distance I should judge to be about 10 or 12 miles.

Several birds were seen there not seen in the immediate vicinity of Agiabampo, namely, Redheads and Pintail Ducks, Black Buzzard, Gambel Sparrow, Caspian Tern, Blue-footed and Brewster Bobbies and a Derby Flycatcher.

17317	<u>Mangrove Warbler</u>	♀	Came to a squeak to the outside of a mangrove.
M.G. 17318	<u>Mangrove Warbler</u>	♂	Same as above.
17319	<u>Derby Flycatcher</u>	♂	On an upper outside branch in a mangrove.
17320	<u>Green Heron</u>	♂	Feeding in the mud at edges of mangroves.
17321	<u>Blue-throated Hummingbird</u>	♂	On a top twig of a tall dead bush.

## APRIL 23, AGIABAMPO, SONORA, MEXICO. Sunday.

## APRIL 23 SUNDAY, AGIABAMPO, SONORA, MEXICO.
