

CORBIDI

CORBIDI LOAN COLLECTION'S POLICY

The collection's policy is to be open to the general public. Procedures that need considerable staff involvement, such as big loans, might be limited by our logistic capabilities. A fee might be charged, strictly to cover evident costs involved in the preparation or paperwork of the loan.

Loans within and outside the country are ruled by the Peruvian institution SERFOR, for which CORBIDI will help the loaning institution or researcher with the needed paperwork according to Peruvian legislation.

Thomas Valqui

President of CORBIDI and Collection Curator
